2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Downtown College Prep- Alum Rock serves approximately 529 students in grades 6-12 on two campuses. True to our mission, we serve students who participate in the free and reduced lunch program (31.2%), are learning English (31.2%) and Latino (79.4%). To support our students in gaining the academic and social skills needed for college admission and persistence, we offer a full range of academic courses with embedded interventions to support skill acquisition and personal development. All students participate in College and Career Readiness or Advisory courses, where they receive direct support in unpacking what is required for success in their current year and planning for their future college experience. Through this course, students and families have a specific point of contact to facilitate community, support and shared responsibility for each student's success.

DCP-Alum Rock Middle School (ARMS) is organized into grade-level teams where students are taught by teams of teachers who have common planning by content to support their students in meeting grade level standards. A wide-range of extra-curricular opportunities are offered each year to respond to student interests and to create engaging opportunities to build community.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent and family engagement is critical to meet its mission. Parent and family engagement helps to ensure student academic success, create and sustain a college-going culture, and provide vital governance and accountability for the Charter School. Parents have opportunities to engage in school-wide policy and decision-making through the School Site Council and ELAC. Monthly Cafecitos provide families a forum to learn and bring about topics of interest.

With respect to academic outcomes, parents play an important role in students' academic progress. DCP encourages each family to be meaningfully involved with their child's education and the overall success of the school.

Parent and family involvement, among other things, creates a culture of community, demonstrates to students that their parents care about their education, and enables parents to be a part of the movement to get every student to and through college.

DCP Staff actively create an environment where parents feel comfortable being on DCP's campus and participating in school activities. Specifically, parents participate in DCP advisory committees; participate in academic events, conferences, school assemblies and community field trips. Family social events are co-hosted throughout the year such as Fall Festival and Posadas.

Parent feedback is discussed with staff in an effort to maintain a high level of parent engagement. Opportunities to capture this feedback include surveys, regular parent meetings for all grade levels, on-campus volunteer opportunities, parent field trips, seminars and open houses.

Parents participate in Parent Education classes multiple times throughout the year. Additionally, parents go on college tours and participate in activities specifically designed to address the concerns of first-generation college students and families

Fiscal Year 2022-23 Types of Services Funded

Social Emotional Well-Being: DCP provides social-emotional counseling onsite for students, as well as connection to a wide variety community partnerships and support when needed.

Dual College Enrollment: DCP high school students are taking college courses with San Jose City College and Evergreen Valley College.

Parent Engagement: Dedicated Parent Engagement Manager that ensures families are engaged, informed and equipped to support their students.

Enrichment Opportunities: In addition to sports and clubs, we connect opportunities for students to engage and grow their interests outside of the classroom.

College Advising: Through our College & Career Readiness/Advisory class, all teachers are committed to one group of students, and provide them with a home base on campus, along with academic, college planning and goal-setting support beginning in middle school. **College Counseling:** Every senior at DCP applies to college and is assigned a College Counselor. Students complete the college application and financial aid processes on campus and also participate in workshops to prepare them for succeeding as first-generation college goers. **Other Program Highlights:** College Camp, College Trips, Family College Night twice a year. DCP is a leader in supporting its graduates to and through college. With a dedicated Alumni Success Counselor, DCP supports 500 alumni in college with coaching, mentoring and scholarships. **Support Services:** Our team of high touch alumni mentors [DCP graduates themselves help students with every step of enrolling/re-enrolling, and persisting. From personal check-ins, to financial aid consultations, to family meetings—our team understands the many factors that lead to success for first-generation college students. **DCP Scholarships** Since 2004, DCP has awarded over \$2M in scholarships to DCP graduates. DCP Scholarship recipients graduate from college at a rate of 81%, on par with the highest income students in the country.

DCP has expanded its partnerships with other special education and therapeutic service companies to offer our students quality services as part of a comprehensive special education program. Our partners work to ensure that each staff member assigned to DCP provides optimal services.

Professional Development

All new teachers attend a full week of professional development before the start of school. Both site and all-organization professional development include elements of restorative practices, advisory and student monitoring, English Learner support, academic strategies, skills and monitoring, college and career readiness and social emotional learning. For alignment with the overall DCP organizational goals for a Restorative Practices agency, ARHS/ARMS has been working with the Director of Student Services, the Dean of Student Culture and The Town Project to embrace, foster and grow into a Restorative Practices school community.
