

DCP El Primero High School Class of 2018.

DCP Alum Rock High School Class of 2018.

Welcome Back

DCP FAMILIES

Since 2000, DCP has been dedicated to ensuring a college education for all students in San José. The start of a new school year is a reminder of the vision we share, as it marks the next step in the personal and intellectual development for every DCP student. This year, we are excited to strengthen our schools through facility renovations, STEM programming and family education and leadership.

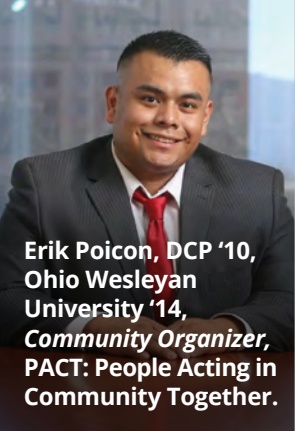

We begin the year also celebrating the accomplishments of our 2018 graduates from our high schools, DCP El Primero and DCP Alum Rock. 98% of graduates are attending colleges and universities this fall! In addition, over 140 DCP high school students spent the summer exploring their college and career interests through internships and enrichment programs at local universities, non-profits, companies and study abroad opportunities. We also hosted two Summer Engineering Camps for middle school students. From middle school through college graduation, DCP is committed to the success of every student.

We hope to connect with many of you this year. To learn more about our schools and programs, please look for our online and printed communication. Thank you for partnering with DCP, as we continue to engage in the values of **desire**, **community** and **pride** that unite us all.

Sincerely,

Jennifer Andalu
JENNIFER ANDALUZ
Co-founder and Executive Director of DCP

Edgar Chávez
EDGAR CHÁVEZ
Director of College Success

Erik Poicon, DCP '10, Ohio Wesleyan University '14, Community Organizer, PACT: People Acting in Community Together.
